

2000 Presidential Election

November 7, 2000

Electoral College Procedures

The slates of presidential electors are provided to State Elections Officer by their respective political parties. Each party has nine electors in Louisiana, two at large and one from each of the seven congressional districts; the names of the nine electors appear on the election ballot next to the names of the candidates for president and vice president for whom they intend to cast their electoral college votes. The presidential electors will meet and cast their votes on December 18, 2000. The votes cast by the presidential electors are forwarded to the President of the United States Senate to be counted.
